

What is File Share?

CCH File Share is a secure, online document sharing application that leverages the convenience and flexibility of the Internet.

Provides secure, shared access to critical files and documents for your clients, partners, and associates anytime, anywhere using an Internet browser.

Clients are provided a link that will enable them to securely log into their personal file system to upload or access files and documents such as QuickBooks® data, financial statements, or tax return.

Share Files Anytime, Anywhere ~ High Level of Security ~ Easy to Use
